

COURTESY RULES

If your group is playing slower than a following group, please **DON'T** hold up their game. Instead, stand aside and waive them through, and wait to resume your game until they are out of range. Also, if you have motioned a group to play through, **DON'T** change your mind and jump out in front of them and start playing. Let them play through and get out of your range.

DON'T stand on or near the green to score the hole. Move on to the next tee immediately.

Never walk ahead of someone shooting in your own group.

Please keep **quiet** when someone is shooting, driving, or putting

DON'T play too close behind the group that you are following.

There is a **two stroke penalty** for hitting the wrong ball. Don't take a chance; check to be sure it's your own ball.

Never take more than one practice swing, if any, and don't take practice swings while someone is addressing the ball.

DON'T walk between the pin and someone's ball on the green.

DON'T stand with your shadow between the hole and the person putting.

After you sink your putt, remove your ball from the cup before the next player putts.

DON'T drop clubs on putting surface.

BE READY to play when it is your turn.

Replace the flagstick carefully in an upright position.

Please keep your cart 30' from the greens and tees.

When others are teeing off or hitting field shots please help spot where their ball goes.

PLEASE REPAIR ALL BALL MARKS and replace divots in fairway and smooth out footprints in the bunkers.

When hitting out of a bunker, you cannot ground your club (touch the club in the sand). You cannot strike the sand without hitting the ball. Add a one-stroke penalty for either case. **ALWAYS** rake a bunker after you have played from it.

Out of bounds - take a one-stroke penalty and hit from where you originally hit the ball. If you think the ball is out of bounds, you may hit a provisional ball and declare it as such. If the first ball is in bounds, pick up the provisional ball with no penalty. If ball is out of bounds, you are laying 3 after hitting the 2nd ball. You cannot go to where ball went out of bounds.

Please turn in lost or found items to the Clubhouse.

Leave the course in the condition in which you would like to find it.

THANKS for your cooperation!
