

## Notice of Sidewalk Projects

Beginning on Wednesday, June 20<sup>th</sup> the sidewalk, curb, and gutter on Bertrand Avenue between 5<sup>th</sup> and 6<sup>th</sup> Streets will be replaced. As illustrated in the image below, the work has been divided into four (4) projects, with each project lasting about a week – weather permitting. As a result, the parking stalls in front of each of the project areas will be blocked-off when that project is being completed. (Only one project will be completed at a time.)

Note: the image above is for illustrative purposes only, the actual size of each project will be determined by the contractor – and it will be marked by barricades, and traffic cones. Also, except during the short-time in the early morning, when the concrete is being poured, each of the businesses in the project areas may be accessed from Bertrand Avenue.
